OUR STORY

WHO ARE WE

Campbell's Camps is a Western Australian owned and operated business specialising in modular buildings, transportable solutions and sea container conversions.

We have over 12 years of experience in the Goldfields construction industry and have delivered projects across mining, drilling, commercial and residential areas.

WHAT WE DO

- Site Offices
- Accommodation Units
- Ablution & Laundry Facilities
- Sea Container Conversions
- Full Camp Setups
- Custom Modular Buildings
- Bars, Kitchens & Recreation Facilities

OUR EXPERIENCE

We have successfully completed projects for a range of mining and drilling clients including:

- DDHI Drilling
- Ora Banda Mining
- VM Drilling
- Norton Goldfields

OUR DIFFERENCE

. We create custom designed solutions to suit client requirements

- Fast turnaround
- Premium quality materials and workmanship
- Practical, durable and fit-for-purpose designs
- Design, Build and Deliver under one roof

THE TEAM

Campbell's Camps is led by Director Jack Campbell, who has been involved in the building and construction industry throughout the Goldfields for many years. With a strong focus on quality workmanship, practical solutions and getting the job done right, Jack has built Campbell's Camps into a trusted supplier of modular buildings and transportable facilities across Western Australia.

Behind every project is a dedicated team that works together from start to finish. Our team includes Construction Management, Purchasing Officer, Draftsperson/Designer, Administration Team, qualified carpenters, electricians and plumbers, all bringing their own skills and experience to each project.

From the initial design through to manufacturing, delivery and installation, our team takes pride in building quality products that are practical, durable and built to suit our clients' needs.

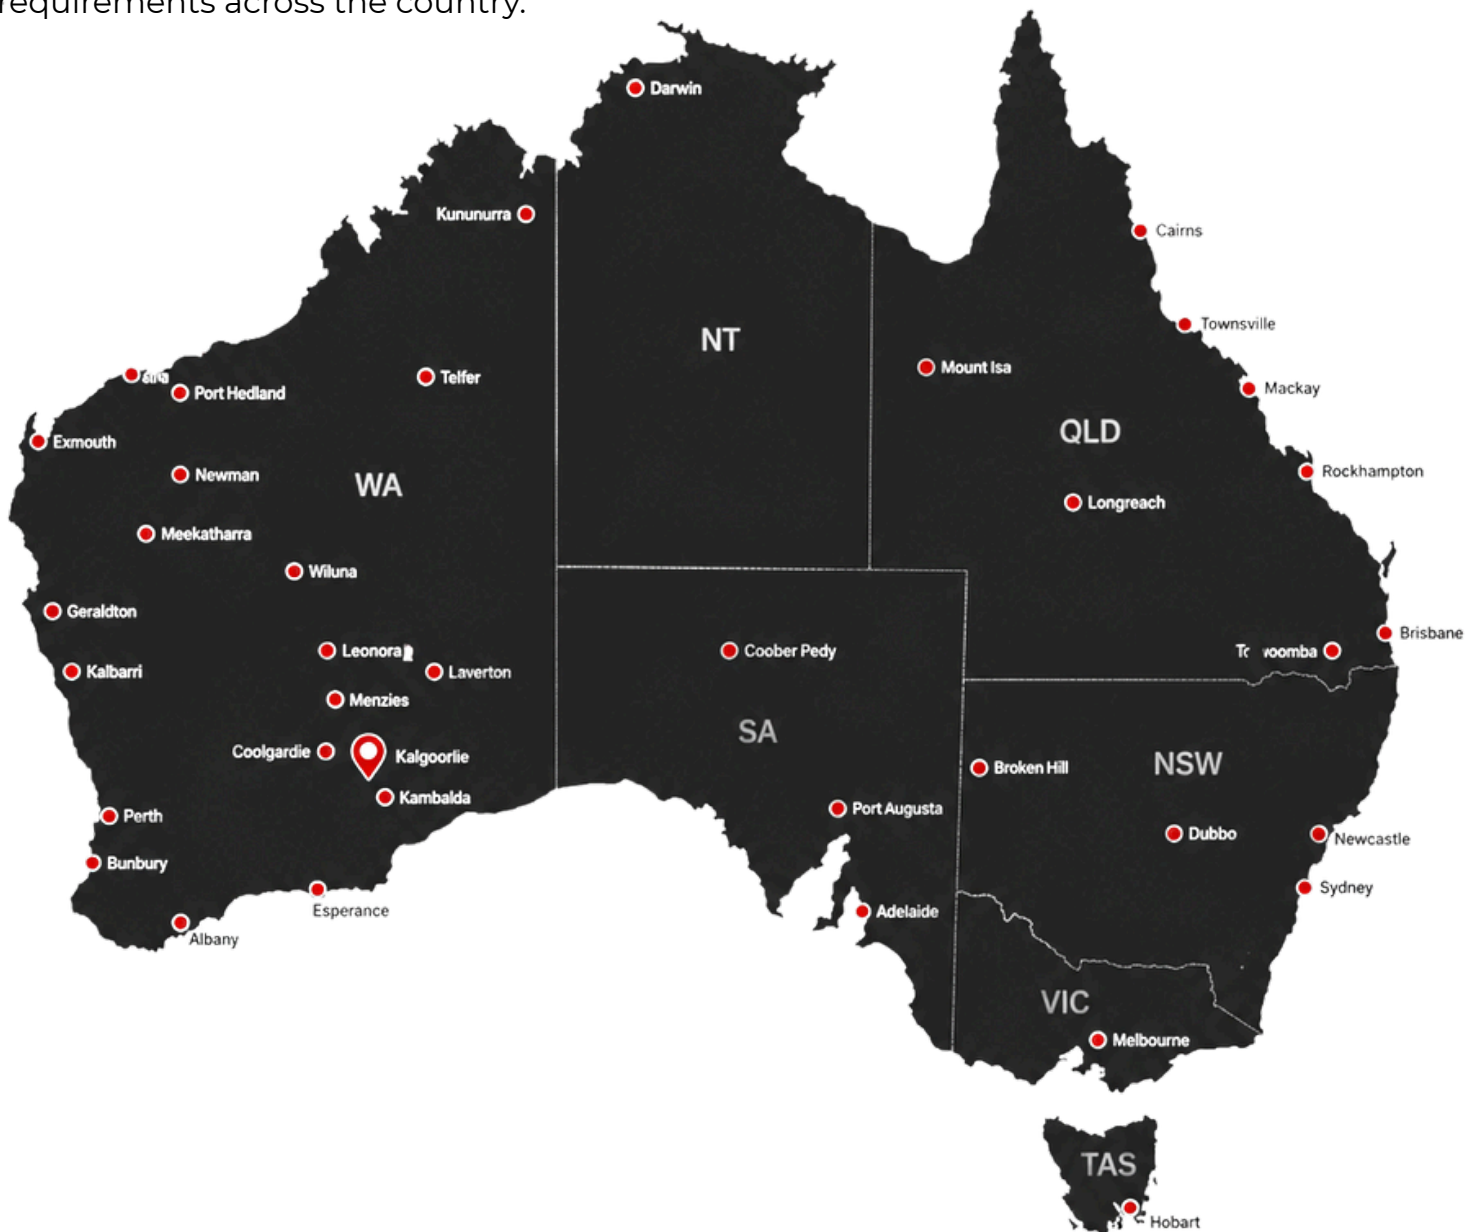

SERVICING AUSTRALIA

Our office and workshop is located in Kalgoorlie-Boulder, however we support projects across Australia, including Regional Western Australia and Australia Wide.

We have provided buildings and labour to locations within the Goldfields, Pilbara, Midwest and regional areas throughout Australia.

Whether it's a regional town, remote exploration camp or active mine site, our team can coordinate the manufacture, transport and installation of buildings to meet project requirements across the country.

EQUIPMENT & CAPABILITIES

Campbell's Camps is equipped with the facilities, equipment and experienced personnel required to deliver projects of all sizes throughout Australia.

Our fully equipped workshop is stocked with the tools, machinery and materials needed to manufacture, modify and maintain transportable buildings, sea containers and site infrastructure.

OUR CAPABILITIES

- Fully equipped workshop and fabrication facilities
- Extensive range of tools, equipment and materials in stock
- Design and drafting services
- Material and finishes showroom
- Building manufacture and modifications
- Site installations and upgrades
- Delivery and transport capabilities
- Project management and coordination
- Remote and regional project delivery

OUR COMMITMENT

- Safety-first approach across all projects
- Qualified and experienced tradespeople
- Site-specific risk assessments and SWMS
- Compliance with Australian Standards
- High-quality materials and trusted suppliers
- Ongoing training and continuous improvement

TRANSPORTATION

Campbell's Camps provides transport solutions to support the delivery of buildings, sea containers, materials and equipment throughout Australia. With our own vehicle and experienced team, we can safely transport products to remote mine sites, exploration camps, regional towns and commercial projects.

OUR TRANSPORT SERVICES

- Delivery of transportable buildings and modular buildings
- Sea container transport and relocation
- Collection and delivery of construction materials
- Equipment and site supply transport
- Building mobilisation and demobilisation
- Regional and remote site deliveries
- Site-to-site relocations
- Flexible transport scheduling
